## Opis produktu

Calculating and cruel, steeped in an ambiance of controlled fury, the nine tracks offer a jarring journey through the haunted recesses of the mortal mind. They are violent and hypnotic, but also bring out the occasional demented melody to keep things unpredictable. The lyrics – manic demonological verses that read as the album sounds – are roared, chanted, moaned and snarled with equal parts conviction and possession.

All combined, this results in a soundscape which, whilst firmly rooted in the death metal tradition, is thoroughly imbued with a theatrical vibe and spiritual depth more associated with black metal. The Broken Seal is a unique fusion of musical worlds, concocted to plague the reality of flesh.
