#### **Malfeitor (NOR) - The Smell of Death**

MALFEITOR - The legendary nucleus for STRID and MANES (Askim)

Despite being called from the grave at a time when Black Metal from Norway suddenly gained worldwide popularity, MALFEITOR always remained an obscure entity. When some of their compatriots signed record deals with international labels, the horde from Askim deliberately acted from within the deepest underground. With a short lifespan of only 2 years, the output produced by MALFEITOR is naturally rather meagre. The releases spawned between 1991 and 1992 only consist of 1 rehearsal- and 2 demo tapes and were back in the day only spread on home-dubbed tapes in very limited quantities. Devoted to Black Metal of the rather stripped-down, minimalist style similar to early BATHORY, ILDJARN or DARKTHRONE, MALFEITOR had the potential to release a great first full-length. Unfortunately, this wasn't destined to happen since shortly after the release of the very promising second demo Pandemonium MALFEITOR returned to the shadows from which it was conjured. The member's contribution to Black Metal wouldn't end with the demise of MALFEITOR, though since out of the ashes STRID and MANES (featuring Vicotnik from DØDHEIMSGARD) rose.

Audo-restoration and mastering by Patrick W. Engel at Temple Of Disharmony.
