Opis produktu

'Extinct' is the 4th overall album of Switzerland's rising black metal malfeitors MALPHAS.
MALPHAS have been working their way through the underground for several years now and with "Extinct" they are raising the stakes even further.
"Extinct" enters a new journey into more chaotic and wild fields and unleashes the band's full hate against the world. With more thrashy influences and riffs, the album neither looses the band's classic style, nor does the melancholic and softer parts get lost. It is a fury hammer of Swedish inspired black metal, of ups and downs, of melancholy and chaos, ready to smash every listeners ears. This is the most versatile album of the band so far and expresses a general death-wish to all.

Get ready for 9 tracks of astral black metal dissonance fired upon humanity as a cosmic storm!
