Opis produktu

Underground extreme metal trio **MAMMOTH GRINDER** return after five long years with their fourth full-length *Cosmic Crypt*, a non-stop, meteoric force of aggression and mayhem. Self-recorded by the band at Trax East in South River, NJ, mixed by Arthur Rizk (Power Trip, Sepultura, Inquisition) and mastered by Toxic Holocaust's Joel Grind, *Cosmic Crypt* is an 11 track slab of primitive, punk-inflected death metal. Frontman Chris Uish (Power Trip, Impalers) recruited Mark Bronzino (Iron Reagan) and Ryan Parrish (Iron Reagan, ex-Darkest Hour) to take **MAMMOTH GRINDER** to new heights of misanthropic rage and blazing songcraft! Features stunning cover art from the legendary Joe Petagno (Motorhead, Autopsy, Angelcorpse, Pink Floyd).
