Opis produktu

DARK SYMPHONIES is once again proud to announce the next chapter in our ongoing cooperation with underground New England thrash legends WARGASM: the first-time ever CD release the "Rainbows, Kittens, Flowers & Puppies" demo from their 1985 pre-WARGASM incarnation MANIAC!

Fans of Wargasm know what to expect, as the unique Wargasm sound is clearly evident throughout the MANIAC demo! Three of the five songs recorded for this demo became instant classics when they were re-recorded for their classic "Why Play Around?" album in 1987; of the remaining two, one has never been re-recorded.. The CD will be mastered from the original 1/4" analog tapes for the best possible sound, and will be designed after the original 1985 demo, featuring elements from the original cover artwork and layout and painstaking attention to detail, even down to the logo and typeface for a touch of nostalgia.

Also included are unpublished classic band photos, artwork, flyers and liner notes written by bassist/vocalist Bob Mayo.

Additionally, a fold out 4 panel lyric insert / album cover mini poster will be included.

CDs limited to 1000 copies worldwide! Stay away from BOOTLEGS! Support the band and official releases!!
