### Opis produktu

Recorded in 1992, the album delivers primitive riffs, harsh vocals, and a bleak atmosphere that marks the birth of Marduk's infernal legacy. Fierce, unpolished, and uncompromising, Dark Endless stands as a primal monument to the band's origins.

Though Marduk would later evolve into one of the fastest and most intense black-metal bands, "Dark Endless" stands as the crucial 1st chapter: a rare snapshot of the band's formative sound, a bridge between death and black metal, and an essential piece of Swedish extreme-metal history.

Uncompromising and relentlessly grim, it remains a cornerstone release for anyone exploring the origins of Marduk's reign.

700x galaxy transparent blue/black 12" in a black poly-lined innerbag, printed innersleeve, B/W on 220g carton (coated paper), simple jacket, full-color printed on 350g carton, coated paper (semi-gloss), all assembled in a plastic overbag.
