Opis produktu

After the much-lauded, diabolical 2012 album "Serpent Sermon", Sweden's legendary MARDUK return with their first entirely war-themed opus since 1999's "Panzer Division Marduk". Dubbed "Frontschwein", this is nothing but a raw and intense bombardment of pure black metal!

Re-issue, 1000x black ice 12" (180g) in a black poly-lined innerbag, booklet 16page A4, full-color on 180g art paper, gatefold full-color on 350g, all assembled in a PVC overbag.
