## Opis produktu

The album, the band's 12th full-length release, is a testament to their burning desire to create blackened metal of the highest order. A concept album of sorts, Serpent Sermon is an unadulterated attack on all that is good, casting a heavy pall over light and love. Morgan offers, “The lyrics should speak to everybody, to realize the power contained within. Just let it embrace you and the journey has begun!” That journey is a deep one that plumbs the very depths of Hell as guitars rip and shred, drums thunder and the low end bass pulls at the very bowels of the soul. “As long as we have the desire and burning ambition to spread the message we will continue to be the servants of a higher cause and keep delivering blood, fire and death to the world!”

Reprint, 300x bloodred with black marble effect 12" (180g) in a black poly-lined innerbag, 12 page booklet full-color on 140gsm offset paper, gatefold, full-color, black flood inside on 350g, all assembled in a PVC overbag.
