Opis produktu

“World Funeral” album (2003), which marked the last opus with singer Legion and to the very day remains a flawless, hateful yet varied Swedish black metal attack. Created in close cooperation with the band, this re-release features remastered sound (done by bassist Devo Andersson), detailed liner notes, unpublished photos, revamped artwork by Death Wolf vocalist Maelstrom and bonus material on the CD version: a cover version of Possessed's “Phantasm” plus an entirely unreleased rehearsal from 2002 spanning many of the album tracks. Almost 78 minutes of black metal annihilation!

Re-issue in a jewel case with 20 page booklet on 135g art paper.
