### Opis produktu

It was but the autumn of 2019 when Marras burst from the void, fully formed, with their widely celebrated debut album, *Where Light Comes to Die*. Although a then-brand-new entity, the black metal this Finnish formation conjured forth exuded an ageless wisdom - which is not surprising given that the Marras' members hail several highly respected bands.

Now, as this cursed epoch continues on, Marras swiftly return with their second album, *Endtime Sermon*. Indeed aptly titled, *Endtime Sermon* sonically encapsulates the haunted (and haunting) sensations of these incredibly dark days: mania, depression, hopelessness, fear, longing, DEATH. That the expanded sextet can take these varied-yet-related sensations and brew them into black metal of a most quintessentially Finnish aspect and make each track a new-yet-unified experience is something special, and further proof that the Marras of *Where Light Comes to Die* was no fluke. If anything, *Endtime Sermon* spans delirious violence and stoic mysticism with equal aplomb, all joined together by a through-thread of the (darkly) cinematic, but the message remains the same: there still is no light, and these are the endtimes whether we accept the fact or choose to ignore it.

There will be ignoring Marras upon the release of *Endtime Sermon*. Heed their wisdom, or perish unenlightened.
