Opis produktu

Mayhem are of course one of the leaders of the black metal genre & an inspiration for many black metal bands worldwide today, having existed for over 20 years, with an often dark and tragic history giving them unrivalled infamy.

This classic Mayhem re-issue includes a performance from the now-legendary Leipzig show in 1990, featuring the seminal Mayhem line-up of Hellhammer, Necrobutcher, Euronymous & Dead.

This is one of very few releases to feature this line-up - vocalist Dead committed suicide the year after the show, and guitarist Euronymous was murdered in 1993.

Contains live renditions of tracks from the 'Deathcrush' release (1987) such as 'Necrolust' & the title track, and 1994's iconic release, 'De Mysteriis Dom Sathanas', with songs including 'Funeral Fog' & the ultimate black metal classic, 'The Freezing Moon'.
