Opis produktu

England's, The Meads of Asphodel, [with four brand new songs] join forces with Chinese Black metal exponents, Rerthro, for this unique split cd, featuring new material from both bands. [Also featuring Mirai [Sigh], Alan Davey [Hawkwind, Gunslinger] This split cements the Meads commitment to the underground scene, and also celebrates the bands 20th year anniversary. Rerthro is a raw black metal band from Qingdao, China. As well as the split CD, a limited edition fold out Maltese cross cassette tape re-titled to "The Voiceless Dust of Ages". The tape will only feature the Meads half of the split CD but with an additional two exclusive bonus tracks.
