Opis produktu

Nearly fifteen years after its first album, this side-project from Blanc-Feu and Cadavre (Cantique Lépreux, Chasse-Galerie) returns to the forefront with monstrous bang! Mêlée des Aurores strikes with 40 minutes of bru-tal, disorienting and suffocating Black Metal, landing somewhere between Blut Aus Nord, Portal and Deathspell Omega, where structured improvisation clashes with rigid and dissonant riffs. Between the heavy atmosphere and the disjointed sounds produced by prepared piano, contrabass, violins, keyboards and other mutilated instru-ments, Aube Cannibale will drag you to an absolutely nightmarish universe!
