Opis produktu

Requiem For Mankind is the crushing third full-length album from British death metal veterans Memoriam. Formed by former members of Bolt Thrower and Benediction, the band channels decades of extreme metal pedigree into a relentless and emotionally charged statement on war, loss, political division, and the darker realities of humanity. Produced once again by Russ Russell, the album sharpens Memoriam’s trademark blend of old-school death metal, crushing mid-tempo grooves, and haunting atmosphere. The band balances merciless riffs and thunderous rhythms with socially conscious lyricism and an unmistakable sense of weight and authenticity. Praised by critics for its stronger songwriting, commanding performances, and emotionally resonant themes, the record further cemented Memoriam as one of the leading forces in modern old-school death metal.
