Opis produktu

The compiled earliest works of the Cult French Death Metal band MERCYLESS.

“Unholy Chapters: The Merciless Years” compiles the early and remastered works of Mercyless in their formative years, when they were still called Merciless, from their first demo Immortal Harmonies (88’) to Vomiting Nausea (90’), which will be the premises of their classic album “Abject Offerings”.

Formed in 1987, Mercyless is one the former of the french death metal scene, and still crushing it after 35 years.

They released their 7th albums in 2022 called “The Mother of All Plagues” darkest and most hate-filled album ever.

Recommended if you like: Massacra, Death (early-era), Agressor...
