All songs on “Dead To Rights” were written by Kurdt Vanderhoof, continuing his role as the creative backbone of Metal Church. The album was mixed and mastered by Zeuss at the legendary Planet-Z Studios, ensuring a massive, modern, and crushing sound. Sonically, “Dead To Rights” showcases Metal Church at their most intense: sharper riffs, relentless grooves, and an uncompromising heaviness that reflects both the band’s classic roots and their modern power. The first single, “F.A.F.O.”, already sets the tone with its raw aggression and unstoppable drive. “Dead To Rights” will be released on CD and Vinyl, including exclusive collector editions, and stands as a bold statement from a band that continues to evolve while staying true to its heavy metal legacy.

Metal Church are back – louder, heavier, and dead serious.
