Meth Assassin - "Reptilian Side of God" 12'' LP

- **180g vinyl, please choose your preferred color above**

25 years after their first collective effort - the neo-classical ambient recordings that would eventually appear on ***Urfaust***'s ground-breaking release 'Geist ist Teufel' - **IX** and **DOLEN** are once again re-defining their creative landscape under a new moniker:
M3†H ΔSSΔSSIN.

Combining their life-long fascination with 80s industrial acts such as *GGFH* and *Skinny Puppy* with modern subgenres such as witch house, horrorcore, while remaining deeply rooted in the black metal movement of the last millennium, they are again exploring new sonic extremes. 'The Reptilian Side of God' is a relentless and dystopian tour de force, demonstrating a total lack of respect for stylistic boundaries and conventions. It is a musical aberration, a freak project, if you will – cold and bleak – with powerful, pulsating basses, devastating drums and harsh synth leads, supplemented by the intense vocal performance of ***Urfaust***'s **IX** – ushering the listener into uncharted and hitherto unknown territories.

M3†H ΔSSΔSSIN's 'The Reptilian Side of God' presents a claustrophobic vision of a world about to end; nihilistic in its intent, raw, pure and precise in its execution. It is the final death growl of a disillusioned era – infused with demons, eagerly awaiting the triumphant return of The Eternal Adversary.

To be **released November 30th, 2019** by *Terratur Possessions* exclusively.
