Opis produktu

Five years after « Non omnis moriar », MEYHNACH is back with a second opus called « Miseria de profundis », a full-length piece of black metal with some weird elements.

The album contains the seven prophecies of a visionary digging into the depths of human misery.

Miseria de profundis, lamentum in fine saeculi predicts the world's downfall through the eyes of a mad man that travels through feelings like paranoia, pandemics, terrorism and other faces of Evil of the 3rd millennium.

300x black 12" (140g) in a microtenne innerbag, printed innersleeve on 220g with matte UV varnish, download card, jacket on 350g with matte UV varnish, all assembled in a plastic overbag.
