Opis produktu

Originally recorded in 2013 during the "Kriegserklärung" sessions and released in 2017 as a split with Kommandant. These tracks convey the aftermath of the Great War in early 1919 by covering the brutal street fighting of factions in the early Weimar Republic. Some of the fastest and most intense songs of the band's early period are here, as well as the first experimentation with neofolk.

Re-issue, CD booklet 4 page on 135g art paper, re-mastered specially for CD.
