An otherwise-new, international entity, MINNESJORD create a stultifying hypnosis of regressive, primitivist black metal. Unapologetically cruel and crude, Agrura cares not for your comfort; MINNESJORD concern themselves only with raping thine ears and keeping black metal grounded in filth. References to be made include VON, Ildjarn, and Bone Awl, but that only tells half the story: the rest is to be written. Regress or die!
