Opis produktu

The historic first double live album from legendary French orchestral death metal band Misanthrope. 15 hyper-energetic tracks, packed with feeling, with a huge sound for a majestic performance. The finesse of the interpretation makes the osmosis and emotion palpable. In concert, these songs are gems in complete communion with the audience. To celebrate Misanthrope's 35th anniversary, fans had to be offered this anthology piece, unique in its intensity, sweat, virtuosity and rare authenticity. And that's finally done with this ultimate 1h43 audio concert: LIVE - Immortal Wars in Eden. It's also almost a best of live version. The album 'Misanthrope Immortel' is played from start to finish, and the band's great classics are included: 'Les Empereurs du Néant', 'Haïsseur de l'Humanité', '1666... Theatre Bizarre' and 'Bâtisseur de Cathédrales'. The sound is exceptional for a concert recording, mixed with incredible fidelity in High Definition 24 Bits at the Henosis studio. Above all, the band is at one with its audience, singing along to the powerful lyrics of lead singer S.A.S de l'Argilière. Grandiose, honest, unique, virtuoso and 100% Extreme Metal.
