AUDACIOUS MISANTHROPE

Three years after Les Déclinistes, Misanthrope returns in majesty with a new thematic studio album: Tribute to Their Majesties, more emblematic, more grandiose, and more relentless than ever, with 11 covers paying homage to legends.

In the tradition of Metallica's “Garage Inc.” (1998), Iced Earth's “Tribute to the Gods” (2002), and Children of Bodom's “Skeletons in the Closet” (2009), MISANTHROPE announces the release of its very first TRIBUTE album.

France Extreme Metal:This exceptional opus revisits the essential classics of the greatest bands in the history of metal, in an intense, respectful, and uncompromising reinterpretation.Get ready to dive into the creative madness of Misanthrope, through these timeless anthems that have forged the very essence of hard rock, speed metal, thrash, and death metal!

With this “Tribute to Their Majesties,” the four musicians of MISANTHROPE pay a vibrant homage to the Immortals of Metal who sculpted their musical identity in the fire of adolescence... between admiration, creative rage, and eternal respect. Aeternitas.
