Opis produktu

4 panels digipak, 16 pages booklet.

By their hammer let none be saved – Misþyrming return to lay down the law. Með hamri is the sound of the iron heel of Black Metal trampling the face of musical modernity.

Með hamri is deeply saturated with the vibrantly alive energy that Misþyrming capture so effectively on stage. The drums sound organic and powerful, the guitar distortion has a vicious bite, and D.G.’s vocals are as brutal and evocative as ever. The underlying spirit is one of action. There is melancholy, bitterness, and filth, but one of the album’s foremost characteristics is its relentless surge of determination. Never before have Misþyrming sounded livelier and more confrontational.

In the band’s own words:

Authentic and genuine, entirely devoid of gimmicks, Með hamri is a celebration of violence and excess. Arrogant, vitriolic, and with contemptuous disregard for your every sensibility, this album is our statement against all that is false and vain in today’s underground scene. With the timeless values of true metal woven into its very fabric – unironic and unapologetic – this is the Devil’s music made manifest. There is plenty of room for nuance and subtlety in Black Metal, but the hammer leaves no room for interpretation.
