Opis produktu

Swe-doomdeath MOONDARK returns with the debut “The Abysmal Womb”, a brooding and dense atmosphere weaving towering grooves of perpetual tenebrosity.

With insurmountable gloom strewn over the entire album, “The Abysmal Womb” permeate a striking yet unique parallelism of early Crematory, Crowbar and peppered with bits of debut-album Cathedral; the clever utilization of megalithic riffs are clearly evident and immense pulsations are scorched in deep abyssic darkness.

Recorded between several locations and with mixing and mastering handled by Peter Bjärgö (Tyrant, Crypt Of Kerberos, etc) at Erebus Odura Studio, the cover artwork for “The Abysmal Womb” was conceptualized by Johan Jansson and Allan Lundholm.
