After a couple of silent years, MORAST are back with their third album called *FENTANYL*. Carried by grief, loss and the abyss of emotional pain, they have managed to turn this energy into a celebrating resurrection. Their urge to create a dark and sinister atmosphere is still inherent, but this time their approach seems more aggressive, ecstatic and raw. A six song trip to the bleakest corners of human existence. A monolith of abhorrence and filth.

FENTANYL will be released on all formats (LP/CD/DIGITAL) in February 2025 by VÁN RECORDS.
