Opis produktu

SZTUKA NA OSOBĘ !!!

Well done bootleg, glossy cover exactly like the original MLP except that the label and Kris Verwimp addresses are missing on the back and the Reaper Records logo is different.

Comes with LP sized inlay with photo collage, here with white border and the liner notes from Dr. Schitz on the other side. The center labels aren't red like the original, instead show the castle artwork by Kristian Wahlin/Necrolord, from the unofficial Reaper Records MCD from the year 2000 and the picture LP from Hell Slaughter Records.

Originally recorded in Stockholm, Sweden.

Recorded in 16 hours, December 5 & 6 Anno Satanus 1987.

Remastered December 1994, Geel, Belgium.
