Opis produktu

The Crypt is proud to announce that we have again partnered with Chicago's MORGUE (US) to release their 1993 classic and one of the most underrated Death metal metal gems "Eroded Thoughts" as a standalone LP. Having been label mates with the mighty MORBID SAINT, we feel this criminally overlooked album is easily one of the best Death Metal offerings to come from the USA. Sick, twisted, technical and brutal. Reminiscent of, yet still very unique and easily contending with such masters as Pestilence, Gorguts, or Cianide, we are honored to give this overlooked jewel new life again, and for the first time ever, on glorious wax with the full Crypt treatment!

Limited to 500 copies, 150 copies will be on black vinyl
