Opis produktu

Morta Skuld formed in Milwaukee in 1990, quickly producing two demos before going on to release three albums on Peaceville Records (initially via legendary sub-label Deaf Records) in the early-mid 90's. Many years later, and with a new line-up, founder and mainman David Gregor then reunited with Peaceville for the recent opuses 'Wounds Deeper Than Time', and 'Suffer For Nothing', showing that none of the brutal & inspired magic of the band's former years had been lost.

'Dying Remains' was Morta Skuld's debut, released in 1993 and recorded at Cornerstone Studios. Morta Skuld brought a refreshing blend of heavy and brutal death and doom along with occasionally more atmospheric and melodic elements instead of many straight forward high-octane death metal releases prevalent in the US scene at the time. This was an element which helped to distinguish them from many of their peers, establishing the band and leading to shows with such classic acts as Obituary, Death, Deicide, Napalm Death, Fear Factory, and Cannibal Corpse.
