Opis produktu

THE SECOND STUDIO ALBUM FROM THE NORWEGIAN EXTREME METAL PIONEERS, COMPRISING MEMBERS OF ARCTURUS, THORNS, MAYHEM & 1349. PRESENTED ON CD FORMAT.

Mortem was originally known as the Norwegian cult band which preceded Arcturus. Formed by Marius Vold & Steinar Sverd Johnsen in 1989, Mortem was one of the first black metal bands to crawl out of the woodwork in Norway, releasing the highly coveted and brutal 'Slow Death' demo, with Euronymous & Dead of Mayhem acting as producer and cover artist respectively (whilst also featuring Hellhammer on session drums). After the release of 'Slow Death', the band was laid to rest, with members going on to form and feature in acclaimed titans such as Arcturus and Thorns, both of which would become mainstays in the black metal scene and beyond.

It wasn’t until 2019, when Mortem’s studio debut 'Ravnsvart' was released, and the magic of old undoubtedly returned with that same spirit and brutality of the original incarnation, whilst injecting new elements to form an opus of ferocious yet atmospheric horror. This was followed soon after by the fully re-recorded and re-worked ‘Slow Death’ tracks.

And now Mortem returns with new ode to the dark, ‘Mørketid’. The album presents an expansion and marked progression over the debut, with brooding mid-paced monumental riffs interspersed with periods of hyperspeed black metal. The album presents eight tracks of savage yet eerie and also often epic Black Metal of the highest order, adorned with the indomitable keyboard textures of Sverd, along with Hellhammer’s unmistakable percussive prowess, and the returning vicious snarls of vocalist Marius Vold. Featuring Seidemann returning on bass, the recording line-up is completed by Astennu, known for his work with Covenant and Dimmu Borgir on guitars.

‘Mørketid’ was recorded at Toproom Studio in Norway, by Børge Finnstad & Kevin Kleiven.
