Opis produktu

2500 x Sea Blue with White, Red and Doublemint Green Splatter Standard Gram

Heinous horror-lords **MORTICIAN** reanimate the golden age of low-budget splatter, hammering home gruesome anti-music. ***Darkest Day Of Horror*** is pure sonic zombification as terror-filled atmospheres, hyperspeed rhythms, subterranean blower bass and neanderthal-like vocals annihilate with no concern for subtlety or musical nuance. You may as well dig your grave in anticipation as the heaviest death metal band on the planet delivers devastating digital damage at vicious, violent volumes.
