Opis produktu

A 2026 **deluxe 8-LP boxset** featuring a comprehensive collection of the early works of the doom legends.

Includes newly half-speed mastered albums, additional 48-page book, plus posters and prints.

After a career spanning over thirty five years, from UK underground upstarts and outliers, to major success on the international stage - including tours with UK icons Iron Maiden and genre legends Dio - My Dying Bride have themselves become a firmly established pillar of metal history with a refined and influential brand of Death/Doom metal. With enduring popularity across subsequent decades, **My Dying Bride** remains a productive and captivating vessel for tragedy and despair, with their studio output spanning fourteen full-length albums to date.

As part of the "Peaceville Three", along with fellow countrymen Paradise Lost and Anathema, My Dying Bride truly became a primary force in highlighting Britain as an epicentre of this Doom revolution of the time, creating a highly distinguishable sound assisted by the inclusion of violin & a more poetic approach to the delivery of morbid and salacious topics, lending an additional air of eccentricity and eloquence to the darkness.

Anthology of Sombre Reflections is an expansive and comprehensive collection of the early and much-celebrated works of the Doom Gods, from the formative deathly rawness of the revered 'Towards the Sinister' demo, 'God is Alone' 7" tracks and subsequent debut album, 'As the Flower Withers', through to the gothic-tinged funereal seductive delights of 1996's highlight, 'Like Gods of the Sun'.

With the addition of all-time genre classic opuses 'Turn Loose the Swans', and 'The Angel and the Dark River' also representing My Dying Bride's much-loved early to 90's period, the band's three cult EPs are also featured in this deluxe eight-vinyl boxset, with each record presented on 180gm heavyweight black vinyl. The four studio albums themselves have also been treated to new half-speed masters courtesy of Air Studios.

Accompanying the audio is a 48-page book featuring photographs and artwork, plus new interviews with Andrew Craighan and Aaron Stainthorpe conducted in 2025, exploring some of the influences and thought-processes behind the creation of such cherished works of the 90s, as well as reflections of their output over this period.

'Anthology of Sombre Reflections' also contains 2 large posters depicting the 'Turn Loose the Swans' CD artwork image, plus the original poster included in 'As the Flower Withers'. A selection of photo prints of the band from this era are also included.
