NACHTHEEM - *Nacht, zij met ons...*

Our ears fell upon this recording somewhere at the beginning of last year, immediately grabbing our attention with this piece of organic sounding and unpolished atmospheric metal. These Dutchmen managed to capture the essence of the early works of bands like ULVER, VEMOD and PAYSAGE D'HIVER, but with a more aggressive and primitive edge, setting them apart from other similar contemporaries. Considered a demonstration of what is to come by the band, these four songs show the humble beginnings of a project that has something greater in the works. With *Nacht, zij met ons...*, NACHTHEEM have managed to come up with an ethereal and nostalgic work that is sure to intrigue anyone with a passion for this style.

Tracklist:

1. *Drift van nostalgie*
2. *Nacht, zij met ons...*
3. *De oude dennen*
4. *Daar aan het firmament*
