### Opis produktu

Awesome 2CD set that could be described as the aural history of grindcore - spread across two and half hours, 56 tracks, and coming with an extensive liner notes selection, with interviews with Barney and Shane Embury, plus an amazing Napalm Death family tree, this IS the complete record of the bands Earache years.

Disc 1 is a selection of the mightiest tunes from all the Earache albums - Disc 2 contains the Mentally Murdered EP, rare B-sides and bonus songs plus some real gems in the shape of early, never recorded Napalm Death songs like Abattoir and The Traitor, hand picked and in some cases actually recorded by Shane Embury himself, at gigs before he was even in the band! This compilation is fully endorsed by the band - and rest assured the package has been put together by fans with fans in mind to ensure maximum listening enjoyment.
