Opis produktu

INVICTUS PRODUCTIONS in conspiracy with THE AJNA OFFENSIVE are proud to present NECROMANIAC's long-awaited debut album "Sciomancy, Malediction & Rites Abominable" on DIGITAL, CD & LP formats. INVICTUS will handle the album's release for Europe while AJNA will handle its North American release. The CD & DIGITAL versions are scheduled for release on January 13th 2025 to coincide with the Wolf Moon, while the LP version will most likely be unleashed at a later date.

Forged in heretical fire while lurking in the darkest shadows of the underground for the past 13 years, this London (UK) band formed by Swedish, Spanish, Greek, and Polish musicians has crafted a debut album that's guaranteed to send cold shivers down your spine. A truly sinister musical journey containing 9 forbidden rites deeply steeped in witchcraft, necromancy, and an overall occult and utterly macabre atmosphere, NECROMANIAC's first full-length is everything its weighty title promises...and more!

Those who were hauntingly possessed by their 2015 DEMO and 2018 EP won't be disappointed, as the NECROMANIAC sound of old is exhumed and resurrected here. Only now it's given delirious flight on demon wings of ecstasy: blacker, more METAL, more epic, more atmospheric, more "mature", more of MORE. Joining these death-obsessed ghouls on their devilish quest are guests A.A. Nemtheanga of PRIMORDIAL, NEGATIVE PLANE's Nameless Void, and a highly enigmatic figure credited here as A Corpse Without Soul, whose signature throat should not be unknown to astute underground dwellers. In conclusion, the sum effect of "Sciomancy, Malediction & Rites Abominable" is a sonic bacchanalia informed by the ageless wisdom of Hell's heaviest METAL.

No mercy, no forgiveness, no salvation, no return...

MORBID METAL TO THE DEATH
