### Opis produktu

*All copies come with a fold-over 12x24" insert.*

\*500 copies on striped grimace purple/baby pink/oxblood vinyl

\*300 black vinyl

\*200 gold vinyl

HELLS HEADBANGERS is proud to present NECROPHAGIA's classic second album, *Holocausto de la Morte*, on digibook CD and vinyl LP formats.

NECROPHAGIA's importance to and influence over the death metal genre was firmly established with their utterly classic debut album, *Season of the Dead*, in 1987. While 1990's posthumous *Ready for Death* was intended to be NECROPHAGIA's debut album, its highly contentious nature was deemed an "official bootleg" by the band, who had already ceased to exist following the release of *Season of the Dead*.

However, NECROPHAGIA were undead and eternal, and the band rose from the grave in 1998 with the release of *Holocausto de la Morte*. The band's TRUE second album, *Holocausto de la Morte* featured a brand-new lineup, fronted (as always) by founding vocalist/lyricist Killjoy. While something of a loosely guarded secret at the time, this NECROPHAGIA lineup featured one "Anton Crowley" on guitar, who was, in fact, Pantera frontman Phil Anselmo. Either way, *Holocausto de la Morte* kept the NECROPHAGIA spirit intact and then some, as Crowley's disgusting tone and swampy riffing, in particular, put the album into darker and more delirious territory than most death metal of the time. Neither "old school" nor a total throwback to *Season of the Dead*, *Holocausto de la Morte* honorably expanded the NECROPHAGIA lexicon in truly SICK fashion, and more importantly brought the band to a whole new legion of fans, who thankfully got to experience the band's evolution over the next two decades.

To honor Killjoy's memory, longtime fans HELL'S HEADBANGERS - the last label to work with the man, for his HAXXAN project - exhume this pivotal record on luxurious digibook CD and vinyl LP formats. Out of print for years, no time like the present to witness *Holocausto de la Morte* again...or for the first time!
