Necrosanct (UK) – Desolate

One of the best kept secrets of the early 90s English death metal scene, finally available again on limited 180g LP, jewel-case CD and MC.

NECROSANCT from Brighton (UK) delivered with their second album *Incarnate* (1992) and the third and last album *Desolate* (1993) an unparalleled brutal and obscure death metal thunderstorm.
If you are into chaotic and grinding metal of death with drums that have a certain D.D. Crazy (SARCOFAGO) vibe and you like a mixture between BOLT THROWER, PESTILENCE, BLASPHEMY and NOCTURNUS, then this is definitely for you.
Originally released on Swedish label Black Mark (BATHORY), the albums by NECROSANCT unfortunately never found access to a larger public due to BM’s poor label work. Now you have the chance to catch up and get these timeless death metal classics.
