Opis produktu

Neige et Noirceur comes back with a surprising tribute dedicated to the great Jean-Sébastien Bach: 4 minor preludes and one invention. Five pieces of baroque dark ambient with a touch of métal noir québécois.

Ultimate ode to melancholy and sadness, these minor preludes go off the beaten track, to lead us into baroque landscapes, embrassing the solitude of the hermit by Bruegel the Elder.

For this unique project, Sion Daus (aka Spiritus) is as always, accompanied on vocals by his devilish accomplice Schimaera. But the heart of this ablum is marked by the arrival of Cynthia who performs with grandeur, organs and other keyboards.

Bach / preludium minor is a unique and vital album for all fan of darkambient black metal.
