Opis produktu

NETHERBIRD has blurred the boundaries between black, death and other extreme strains of heavy metal since 2004. The band was founded by like-minded individuals among the Swedish metal scene with the intentions of creating harsh metal while drawing inspiration from black and death metal without any regards, or limitations, to the structures surrounding each respective sub-genre.

Their last album, 2016’s critically-acclaimed The Grander Voyage, catapulted the band into the higher echelon of extreme underground metal. Now, it is time for the next step with the release of "Into The Vast Uncharted"!
