Evolution can be ugly and beautiful, painful and euphoric. An Undying Love For A Burning World is the first new release from Neurosis in a decade, and a potent statement of intent and rebirth - one that marks the first new steps of resolve and resilience. An Undying Love For A Burning World is an epic album of colossal hypnotism - beautiful, fearsome and utterly compelling in a way that only Neurosis can be. Aaron Turner (Sumac, Isis) joins the band on vocals and guitar, a name whose legacy is intertwined with the band''s own and a true kindred spirit.
The album was recorded by Scott Evans (Kowloon Walled City, Sumac, and Great Falls) at Studio Litho in Seattle. 2 LP Coke Bottle Vinyl, tip on style gatefold jacket reverse board with spot gloss, insert, poly bag.
