Opis produktu

For more than a decade, Night Demon have defiantly flown the flag of traditional heavy metal, unwavering in the face of shifting industry trends and unscarred by global calamities. Even as they spent 2022 touring heavily worldwide in support of their compilation album, Year of the Demon, the trio consisting of Jarvis Leatherby (vocals/bass), Armand John Anthony (guitar) and Dusty Squires (drums) continued working tirelessly behind the scenes. The objective? To perfect their first collection of all-new material since 2017’s acclaimed Darkness Remains album. Make no mistake: Outsider represents Night Demon’s boldest, most ambitious effort to date. Never content to rest on their laurels by rehashing past glories, the band have challenged themselves musically and lyrically, pushing creative boundaries and evolving their sound far beyond their NWOBHM-worshipping origins into something truly singular. Available as 180g LP, Ltd. CD Digipak (incl. Bonus Track ‘The Last Day’) and Digital Album (Bonus Track Edition)!
