Opis produktu

Before there was a Swedish Death Metal scene - let alone a signature sound - N2K2 was helping to create both. "Nirvana 2002 Recordings 89-91" is a collection of rare demos and rehearsals from the pioneering band. Repressed for the first time in 10 years, "Nirvana 2002 Recordings 89-91" is not just a nostalgic time capsule from the past, but a glimpse at what the future of Death Metal would hold. THIS IS METAL FROM SWEDEN
