### Opis produktu

Now legendary "The Taste of Victory" EP was released back in 2003 in order to relieve the expectation of new full-length record by the band. It contains three songs that later were included in "Weltanschauung" album (here in special mix) and "As the Steel Eagle into Golden Svarga", exclusive epic composition that was recorded before with intention to become the part of split release with Wojnar which never happened. 43 minutes of Ukrainian Heathen Metal Art at its best, remastered specially for vinyl.

Re-issue, 395x black vinyl 12" (180g) in a microtene innerbag, printed innersleeve, full-color on 220g, A1 poster, full-color with specific gold color on 150g art paper, gatefold, full-color with specific gold color on 350g, all assembled in a PVC overbag.
