Opis produktu

Nokturnal Mortum strikes from the past with their monumental album "Weltanschauung". Originally released in 2005, this opus seamlessly blends elements of black metal, folk and epic symphonic music. With 14 powerful tracks that transport the listener into a world of myths, legends and heroic events, "Weltanschauung" remains a great and unique journey.

Almost 20 years ago after its original release, Osmose Productions is proud to issue properly and to make it finally available again all around the world.

Re-issue, heavyweight black 2x12" (180g) in a microtene innerbag, innersleeves printed full-color on 220g carton (coated paper), A2 poster, one-sided full-color printed on 150g art-paper, gatefold jacket, full-color printed on 350g carton, coated paper (semi-gloss), all assembled in a plastic overbag.
