Opis produktu

Norrsinnt’s returns with a haunting blend of dark folk and cinematic atmosphere in the second album ”Djupt inni skoga”. An album that is an invitation to step off the path, deep into the forest, and listen to the echoes that live between silence and sound. It is the esoteric solo project of Mathias Gyllengahm (Utmarken), turning the focus inward into solitude and reflection. It is a darker, more atmospheric journey into solitude, nature, and the human spirit.

”Djupt inni skoga” (“Deep Within the Forest”) presents a soundscape that is equal parts dark folk, ambient, and atmospheric metal. Clean vocals and distorted guitars merge with the mournful tones of the nyckelharpa, while instrumental passages drift into cinematic soundworlds reminiscent of forgotten, untamed landscapes.

Lyrically and sonically, the album is steeped in nature mysticism and existential reflection: a meditation shaped by a long and deeply personal creative process, since it was recorded over a period of 7 years. Some tracks stand out for their collaborative spirit, such as “Skogsmakt”, featuring guest contributions from members of Fejd (Sweden), Myrkgrav (Norway), and Byrdi (Norway) - voices and instruments that add new dimensions to Norrsinnt’s already expansive atmosphere.
