Opis produktu

SRUIN128
French satanic black metal horde Novae Militiae re-emerge with "Topheth" their brand new third full-length LP, presented to you via Sentient Ruin as a glorious limited edition three-sided double LP with etched D-side. On the hideous opus the French satanic legion further refine and sharpen their mortal aural blade, slicing reality into shreds to reveal a massive gaping aural wound that oozes and festers with the abhorrent virulence of complete armageddon. In its boundless glorification of destruction and inhumanity, "Topheth" gives orthodox satanism its most arrogant and intransigent voice, weaving an impenetrable fog of artillery-like drum machines, face-taring screams, and walls of deformed fretwork annihilation to trace the ravaging trajectories of complete torment and abandon. The negativity-encompassing album once again assumes a sinister ritualistic and liturgical splendor as well as the iconic theological and biblical delineations that have made this band so recognizable and unique through a marvelous juxtaposition of atmosphere and ferocity, threading a diseased tapestry of inverted sermons and perverse summonings to serve as textural backdrop to its primordial wrath of complete black metal incineration.
