Opis produktu

For the first time in 36 years, THE CRYPT is proud to re-issue the debut album “Bride of Insect” from Arizona cult Death metal act NUCLEAR DEATH on stand alone vinyl!

Forged in 1986 in Phoenix, Arizona, Nuclear Death were one of the few bands in the genre with a female vocalist, Lori Bravo. Their style was compared to the likes of Impetigo, Blasphemy, Autopsy, Deceased, and Repulsion. Their first demo, Wake Me When I'm Dead, was released later that same year, receiving positive reviews from American and overseas zines. They were notable as at the time very few thrash metal artists had female singers. In 1991, the band released their more controversial work, entitled Carrion for Worm, which features vocals by Autopsy's Chris Reifert on two songs.

This amazing LP features the original cover and layout as well as with classic flyers, exclusive band photos, classic interviews, and brand new 2025 liner notes by bassist / vocalist Lori Bravo.
