Opis produktu

Jewel Case CD with 8 pages booklet.

Baltimore Maryland's weirdo thrash stalwarts Nuclear Tomb have spent the last decade sharpening their singular attack and get ready to riot with riffs and explode like a molotov with their debut full album "Terror Labyrinthian"! Taking cues from old school tech thrash and progressive death metal, Nuclear Tomb seem determined to prove that metal still strives in the underground and that these frameworks still have ambition and depth to give! For fans of Voivod, early Pestilence, early Sadus, Suppression.
