Opis produktu

After years in the making it's time to unleash "The Complete And Official Nuctemeron's Discography 1989-1991"!! Brutal, primitive blackened Noise/Grind performed with cannibalistic roughness. This anthology compiles the following:

- "Industrial Pollution" Demo (1990)

- "Last Massacre" live in Santa Maria (1991)

51 tracks of cacophonous aural butchery!! Comes with a full colored 16 page booklet full of rare photos, original demos' scans and more.
