Opis produktu

After years of waiting, new release of Numinous comes in form of 2 track EP and debut demo as bonus tracks. Follow up to their self titled 2011 album, "Bellum in Terris" is proof there still exists utter antithesis to the pacifist, humanist etc. black metal.

Already debut demo that was released by Northern Heritage c. 15 years ago, displayed exceptional nature of Numinous. This has only developed further in new material.
