Opis produktu

Once again, HELLS HEADBANGERS opens the vaults and collects 11 NUNSLAUGHTER split 7"s and two other 7" EPs! Sure to boil the blood of the band's rabid, diehard fanbase, this latest The Devil's Congeries Vol. 4 continues the series of eight exhaustive collections that will compile every single short-length NUNSLAUGHTER vinyl release - a band whose discography is bested number-wise only by Japan's Sabbath and Belgium's Agathocles.

NUNSLAUGHTER's best work is considered by many to be their EPs, and The Devil's Congeries Vol. 4 displays the band's trademark Devil Metal in all its diabolical 'n' dirty glory, collecting EPs and splits from 2006-2010: splits with Destructor, Unholy Grave, Syphilitic Vaginas, Zombie Ritual, Sloth, Goat Sodomy, Mutilated Messiah, Fetus Eaters, Radiolokator, and Evil Wrath as well as the Fuck That Cunt and Fathers of Fright EPs.

As usual, topped off by an elaborate booklet archiving each EP's cover artwork and pressing information, The Devil's Congeries Vol. 4 is mandatory metal worship!
